Felipe Razon Dominates the Olhausen II

Felipe Razon, in his last "B" tournament, demonstrated excellent billiards to his fellow "B" players. He lost just one game in the preliminaries and was undefeated in the finals, averaging .862, but was averaging almost .950 before the last match.

Brian Haff finished 2nd, averaging .711, but was averaging almost .900 before losing his final 3 matches against Bill Johnson, Jim Shovak and Felipe Razon.

Dan Kolacz finished 3rd, Bill Johnson came in 4th, Bassel Elsaar finished 5th, Jim Shovak came in 6th, Mercedes Gonzales finished 7th and Dave Mason came in 8th.

There were 28 players altogether. The high run money was shared by Felipe Razon, Bassel Elshaar and Jim Shovak for their runs of 6 in the finals.

I-r, Brian Haff (2nd), Felipe Razon (1st), Dan Kolacz (3rd).

The Minneapolis Billiard Club Fall Classic Tournament Lived up to its Name

Eighteen players from 5 states came to do battle on Verhoevens to see who would find their way to victory.

On Sunday morning as the finals continued, Tom Rossman defeated Bob Byrne in fifteen innings for the tournaments best game of 1.667.

By early afternoon the finals bracket was becoming very interesting with Lupe Cruz being 3-0, Tom Rossman also being 3-0, and Bob Byrne being 3-1. It was time for Lamers to play Rossman and Lamers managed a victory of 25-12 to leave Rossman at 3-1 and Lamers with 2-2.

Next up was Lamers and Cruz, and Lamers' victory against Cruz guaranteed Lamers second place with a record of 3-2 and a record of 46 points in his two losses. That set the stage for Cruz and Rossman both being 3-1. The winner of that match would win the tournament and the loser would get third place. Lupe Cruz, being a very skilled player, won the match and the tournament with 25-14 in 25 innings.

Cue & Cushion Billiards

The USBA Tour continued in Hooksett, New Hampshire at Cue & Cushion Billiards, owned by 2006 USBA Champion, Mazin Shooni.

This event was a handicapped tournament, with "B" players going to 20 points, Gilbert Najm (a "B+" player) going to 23 points and "A" players over .900 average going to 27 points.

There were not too many upsets. One upset was Drew Dangelmayer beating Mazin Shooni by scoring 20 points in just 23 innings. In the finals, Gilbert Najm defeated Mazin 23-18 in 23 innings.

The finalists were Pedro Piedrabuena, Mazin Shooni, Gilbert Najm, Tim King, Drew Dangelmayer and Bob Page in a 6-player round robin.

After Round 4 was completed, Pedro was 4-0, Mazin was 3-1 and Gilbert was 3-1. Mazin needed to defeat Pedro in Round 5 and then force a playoff match in order to win the tournament. Mazin defeated Pedro 27-23 in just 16 innings. Gilbert won his match creating a 3-way tie for first place, all having 4-1 records. The two-best averages would play for 1st & 2nd place.

Naturally, that was Pedro and Mazin, although Gilbert did average .920 in the finals! Great shooting, Gilbert!

The playoff match between Pedro and Mazin was about to begin and frankly, nobody expected what was about to happen. It might have even been U.S. 3-cushion billiards history in the making.

Both players played phenomenal. After just 9 innings, Mazin Shooni had an astounding 18 points, for a 2.000 average. However, it was not nearly good enough. The game ended after just 9 innings with Pedro scoring 27 points for a 3.000 average! Can you imagine averaging 2.000 and losing?

Pedro had some other astounding games during the tournament including 27 points in 16 innings, 27 points in 15 innings, 27 points in 13 innings, 27 points in 10 innings and 27 points in just 8 innings!

Pedro averaged 1.467 in the prelims and over 1.800 in the finals including the playoff match. What a performance!

Congratulations to Pedro, Mazin, Gilbert and the other finalists.

Prizes:

Pedro Piedrabuena	\$1,300
Mazin Shooni	\$1,000
Gilbert Najm	\$800
Bob Page	\$500
Tim King	\$150
Drew Dangelmayer	\$150

President's Desk

In October I attended the UMB Congress and Assembly in Madrid. Besides showing the flag of the USBA and making contacts, here is what I learned. Some countries have well developed carom communities and/or programs. South Korea has several million players and about 30,000 Clubs(rooms). For several years France has had a training program for carom trainers and a certification program for clubs that have training schools. Spain treats carom as a sport with a sophisticated 4 to 6 year training program beginning at age 10. With a large player base Turkey and Colombia reinvigorated the organized carom game in their countries over the last several years. Mexico and Italy have significant carom communities. But many country federations, including some where carom has a history, are having difficulty attracting new players. Possible causes of this situation were suggested but no conclusions reached. A lot was said about the need to attract new players, but there were no ready answers. A presentation made on sports marketing pointed to a possible solution if that avenue is pursued. But regardless of these uncertainties, my sense was that the UMB intends to make more of an effort to address this situation than in the past. In the meantime the USBA will seek to apply lessons from the success stories where it can.

Carom Cafe Crystal

Twenty Four players entered the Carom Cafe Crystal tournament on October 15-17. The tournament included "C" players (under .500 average) and also some "C+" players who had averages slightly above .500. The "C" players went to 15 points and the "C+" players went to 18 points. The players were divided into 4 groups with 6 players each, round robin. The top 2 from each group advanced to the finals along with 1 auction and 1 lottery winner.

Finalists: Sung Youn Seo, Hugo Flores, Seong Sil Park, George Hobson, Rodrigo Gonzalez, Luis Miguel Valdovinos, Jorge Gonzales, Jose Luis Lopez. Auction winner was Woo Gon Kim and lottery winner was Ester Park .

The 10 players were then divided into 2 groups of 5 players each, round robin. The top 2 finishers in each group advanced to a 4 player single elimination. Those 4 players were Seong Youn Seo, Jorge Gonzalez, Ester Park and Rodrigo Gonzalez.

Jorge Gonzalez and Seong Youn Seo won their matches and Seong Youn Seo defeated Jorge Gonzalez in the finals 24-16 to win the tournament. Jorge Gonzalez finished 2nd, Rodrigo Gonzalez finished 3rd and Ester Park came in 4th.

Rip's Tips

Rail First Draw Shot

Hit the 29 minute mark on the cue ball with a quick hand and a firm short stroke and hit the rail first to score on this shot. For a real test keep moving the first object ball farther along the rail to find you limitations. Around the table shot can also be made from this position.

USBA National Championship to be held at Tropicana Hotel in Las Vegas

The 2011 USBA Nationals will be held in Las Vegas, Nevada at the Tropicana Hotel. Our event will be held alongside the ACS (American Cue Alliance) National 8-ball & 9-ball Championships. This venue will allow 3-cushion to receive major exposure to thousands of pool players.

The Architect of this event is Professor-Q-Ball (Paul Frankel), who had been working on this for many months with John Lewis, the Executive Director of the ACS and the table manufacturer, Gabriels, who will be providing 6 heated tables for the event.

The tentative dates are May 10-14, 2011. Those dates are not yet official. When the date becomes official, we will be making a formal announcement. No entry fees will be accepted at this time. More information to follow.

The Curving Cue Ball

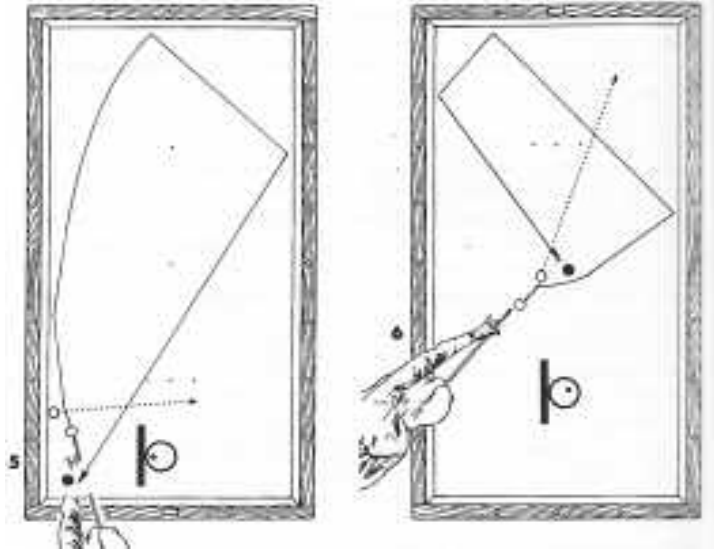

by Robert Byrne

Contributing Writer • from Byrne's "Advanced Techniques in Pool & Billiards" with permission

Shot 5, is very instructive. The red is big in the corner, but at first sight there seems to be no way to take advantage of it because the white can't be hit thin enough. Or can it? Not with running English. Low draw is needed in order to bend the cueball path as shown. The trick is to hit the white really thin- just barely feathers it.

I've seen shots like 6, passed up by good tournament players in favor of all sorts of goofy wing-dings. It's true that at first sight it looks as though there is no scoring angle off the right side of the white, but don't forget the curve that follow will give it. Practice this one. It comes up all the time and is often overlooked.
