

Online Registration:

If necessary, you should print this document and read it while you are on your computer.
Click here to print this document.

If you have already registered online with us, then do NOT register again.

1) If you have already been a USBA Member within the past few years (or if you are a member right now), then we probably already have you in our database. If you have been receiving emails from us, then all you need to do is confirm your email address by going to <http://www.usba.net/confirm.asp>

We will then send you an email to that email address. Go into your email account, open the email and then click on the link within the email which will confirm your email address with us. You will then be able to create a password for your account. Once this is completed, you will be able to access the **USBA Forum** and also your “**My USBA**” features. At any time in the future, you can access these features by logging in to “**My USBA**” which is located on the top center of most of the pages on the USBA website. You will enter your email address and your password.

2) If you have NOT been receiving emails from us and you have already been a USBA Member within the past few years, then contact us right away so we can add your email address to the system so that you can register. Click the “**Contact Us**” link on the left side menu and then click the radio button for Jim Shovak. Then type your message to him.

3) If you have never been a USBA Member before, then click “**Join the USBA**” on the left side menu to register or join the USBA. When finished, we will then send you an email to your email address. Go into your email account, open the email and then click on the link within the email which will confirm your email address with us. You will then be able to create a password for your account. Once this is completed, you will be able to access the **USBA Forum** and also your “**My USBA**” features. At any time in the future, you can access these features by logging in to “**My USBA**” which is located on the top center of most of the pages on the USBA website. You will enter your email address and your password to log in.
