

### **See Tournament Information, Results & USBA Calendar:**

If necessary, you should print this document and read it while you are on your computer.  
Click here to print this document.

To see all tournament information, results, pictures, charts, etc. look at the left-hand menu of options on the USBA website ([www.USBA.net](http://www.USBA.net)).

The 5<sup>th</sup> option from the top says, “**Tournaments-Calendar**”. Click that option.

This will bring you to the current USBA Calendar of events. If you scroll down the page, you will see a list of recent tournaments that have been completed and some upcoming tournaments. If you click on any of those tournament links, you will see the tournament information, results, pictures, charts, etc. if available.

Click the “**Back**” button on your browser to return to the calendar or else click “**Tournaments-Calendar**” on the left side menu again.

Near the top, you will see 3 options:

1) Previous Events: This will show you any other events that have occurred during the current year but are not displayed on the main calendar. On the bottom of every page of a tournament calendar, you can jump to a different year of events or back to the current calendar of events.

2) Pan American Events: This will bring you to the CPB website which is the Confederation of both North and South America. The USBA is one of the federations of the CPB.

3) UMB Events: This will bring you to the UMB website which is the World Governing Body for all Carom Billiard Games.

If you are unable to click on any links, it is because we do not have any information to display for that event. If a tournament has already been completed and there are no results shown, it is because we have not yet received tournament result information.
